

GRAND VALLEY STATE UNIVERSITY × STUNIO

Hire Laker talent in minutes, not weeks.

Stunio is Grand Valley's own early-talent platform, and it's far more than a place to list openings. Every role you post is matched to vetted, available Lakers who accept in a single tap and arrive ready to work.

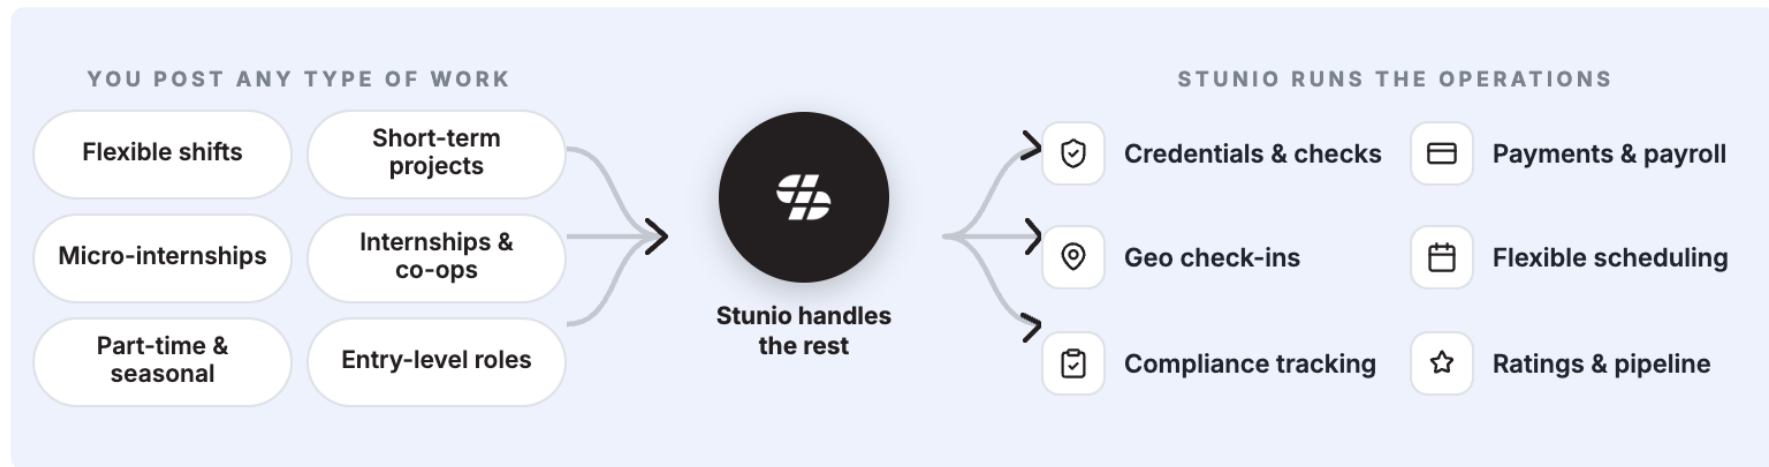

It isn't a job board you hope students check. It's a managed workforce you can staff in minutes, with hiring, scheduling, and payments in one place.

HOW IT WORKS

You post it. Stunio runs it.

Food service staffing, solved

THE CHALLENGE

- Roles that need to fill fast, often on short notice
- Scheduling that lands on leaders who already have full plates
- High turnover across food service and events
- No reliable bench to step in for a single shift

HOW STUNIO SOLVES IT

- ✓ Warm, motivated Lakers who accept shifts on demand
- ✓ Matching, scheduling, verification, and pay all handled
- ✓ Same-day fills, no applicant review on your side
- ✓ A rated talent bench that grows with every shift

FROM POST TO HIRED

Three steps to hired

- 1** **Post in under 2 minutes**
- 2** **Lakers accept instantly**
- 3** **Your pipeline compounds**

Describe the role and pay. Stunio instantly surfaces matched, available Lakers. No applicant review required.

Matched students confirm with one tap, each carrying a verified rating from prior work. You fill roles in minutes.

Every engagement builds a rated talent pool that's ready when you hire again. The pipeline grows itself.

A few things we'd love to understand

- Where do your staffing gaps hit hardest, and when in the week or season?
- Which roles are toughest to fill on short notice?
- How is scheduling handled today, and what is not working?
- What would make a pilot a clear win for your team?

Ready to put Lakers to work?

We'll shape the first pilot around what we hear from you today, and can have Meijer Gardens live in days.
